Health and digestive benefits of Mother Yeast in Pizza 44 dough

For centuries bakers in southern Italy have used natural, "Mothers" yeast in the process of making dough. We use the same process here at Pizza 44 to provide our guests with the many health benefits that are the result of this labor of love! The natural yeast pre-digests carbohydrates and breaks down proteins into acids making digestion easier. These acidic compounds are also responsible for the wonderful aromas and flavors.

I hope I have brought that Love to your table!

Life is Better with Pizza,
Ciao, Chef Carlo

Mothers yeast digests sugars resulting in a lower glycemic index

Mothers yeast pre-digests proteins for easier digestion

This process is probiotic easing intestinal swelling problems

Mothers yeast activates enzymes which allow for the proper absorption of minerals
